

FEATHERSTONE GROUP PRESENTS...

DRIVING WHILE

2nd Annual Indigenous

2023 LIVE EVENT & GALA

ABOUT THE EVENT

The motivation behind Driving While Indigenous was inspired by the hard work and commitment of the helping professionals who work tirelessly to better our communities, but who so often forget to nourish and rejuvenate their own spirits. "We cannot tell others to chase their dreams if we are not chasing our own."

On November 17, 2023 Featherstone Group will bring together an empowering group of Indigenous trailblazers who hold a collective view for creating change for our Great Turtle Island Nation.

It is no secret that Indigenous people are openly faced with discrimination and trauma in their personal and professional lives. Empowerment and generational healing is accessible to all through platforms that recognize Indigenous excellence. Each speaker chosen for this event is a recognized leader in transformation and growth. This event will celebrate, revitalize and rewrite what it means to be resilient.

With your support, we will reach the masses and foster revolutionary change!

Thank you in advance for considering our event.
